For years Authors have depended on traditional publishing to get their books published and to receive a nice income. Sadly, not only was that not the case for most authors, with today's publishing world, earning a fair income is becoming harder and harder to do. It's time to change that!

Authors' Revolution Workbook has spreadsheets to help you determine the cost of publishing your book. Guides to a variety of free and pay for companies to help you market your book, and so much more. A must-have for any author.
